16 May 1957

Dear Walt:

Reference is made to your letter of March 27, 1957, RFQ 1641L, wherein your proposal for a T&M repair contract was submitted.

This matter has been discussed with our Project Engineer and the FOG group and it has been determined that a repair contract will not be required at the present time.

Your cooperation in this matter is appreciated.

Very truly yours,

George
